## OB Sports Golf Academy Junior Program

The junior program at the OB Sports Golf Academy is unlike any other because it is so comprehensive. It is designed to take junior golfers from beginner to college player and beyond if that is their goal and is based on the motto, "**Learn, Practice, Play!**".

The golfers will get not only first rate instruction on every aspect of their game but they will also receive Longbow practice cards that will allow them unlimited practice time and afternoon playing privileges.

Upon entering the program junior golfers will be assessed to see at which level they will start; **Beginner, Intermediate, Advanced or Elite**. Each level of the program is geared to get the students to the next level. There will be periodic skills tests to determine when the golfer is ready to proceed to the next level.

At the **Beginner, Intermediate and Advanced** level the instruction is group based but the size of the group is limited to allow for plenty of individual attention. At the **Elite** level the instruction is totally one on one with the instructor. All levels of the program will have specified weekend practice and play days where they will enjoy a supervised practice session with the instructors followed by group play on the course. Every level of the program will be designed and overseen by the Director of Instruction to assure that every golfer gets the best instruction the academy has to offer.

**Stacie Bryan** is the **Director of Player Development** for the **OB Sports Golf Academy**. Stacie was a highly ranked junior golfer and earned a scholarship to play on the golf team at the University of Hawaii. She has worked with and learned from top instructors Mike and Sandy LaBauve. She has taught golf in Arizona for over 15 years and worked with players of all abilities.
