## **KZG U-Iron**

**OVERALL MEMBER RATING 8.5**

KZG introduces the U-Iron, which is the first fully-customizable hybrid. Its face is 50-percent deeper compared to other hybrids and flat like an iron, which allows it to fit into a loft and lie machine to adjust the lie angle for each player's swing. This larger face expands the sweetspot, and along with the wide sole and low center of gravity, make the U-Irons easy to hit. Available in seven different lofts ranging from 14 to 38 degrees. For more information, contact: KZG, 800-200-8800, [www.kzggolf.com](http://www.kzggolf.com). \$169 graphite/\$139 steel.

**James Hill, Wetumpka, AL:** "The KZG U-Iron is the most accurate club in my bag. I replaced my 4-iron with it and am consistently shooting lower scores."

**Randy Newcomb, Benton, KY:** "The U-Iron's design is great. It sets up very well and promotes a confident look at address. This confidence translated into shots nearly as long as my 3-wood."
