DISTANCE MEASURING DEVICES – Under Rule 14-3 a player **may** obtain distance information by using a device that measures distance only. However, if during a round a player uses a distance measuring device that is designed to gauge or measure other conditions such as gradient, temperature and wind speed, the player is in breach of this rule and the penalty is disqualification regardless of whether any such additional functions were used.

FLIGHTS – The field of approximately 40 teams will be divided into four Flights for the Championship. The lowest handicap index of the team will be used to set flights. Flights will be determined after entries close.

INCLEMENT WEATHER – In the event that inclement weather moves into the area, the IGA will suspend play by sounding air horns. When one long horn blast sounds, players should discontinue play and should seek shelter immediately. The IGA staff will evacuate players from the course. Everyone will be brought to a general location where the Tournament Director will make an announcement on resuming play.
