USGA Handicap System Licensing Program for Clubs – 2012-2015

The Licensing Program for Clubs is a requirement for all golf clubs in the United States that issue a Handicap Index to its members. Part of the licensing process includes attending a handicap seminar and passing a quiz. Any club representative can complete this requirement on behalf of its golf club, and must do so before the end of 2015 to remain as a licensed golf club.

Curriculum

The seminar will focus on the content within the new 2012-2015 USGA Handicap System manual. There will be discussions and solutions to common situations that take place within a golf club, and a review of the ever-so important role that the Handicap Committee plays within a golf club. During the seminar, an open-book quiz will be administered. All attendees will receive a certificate acknowledging their accomplishment.
