**GET GOLF
READY
IN 5 DAYS**

If you have ever thought about picking up a club, either again or for the first time, you can make golf your sport for a lifetime. Get Golf Ready is designed to teach you in five lessons everything you'll need to know to step onto a golf course and play with confidence. Lessons will include on-course activities taught by trained PGA and LPGA Professionals who will make sure you have fun each step of the way.

DAY 1. Awaken the golfer in you

Just like when you were in school, the first day is always the easiest and the most important. During this first lesson, you'll learn:

- Proper etiquette on and off the golf course
- How to dress and what to carry in your bag
- How to find your way around the golf facility and the golf course
- How to stand, grip and take aim
- The role each golf club plays and when to use it
- Putting

DAY 2. Become one with the course

During the second lesson, you'll become more comfortable on the course as you experience the art of the short game. On the second day, you'll learn:

- Chipping, pitching and green-side bunker shots
- Everything you need to know about golf carts

DAY 3. The Turn

On the golf course, when you've reached the halfway mark, it's called "the turn." Here the turn means you're halfway to becoming a golfer. On day three, you'll learn:

- Using your irons and playing approach shots
- Stretching and how to avoid injury
- Which golfer in a group plays first
- The importance of being able to identify your golf ball
- The rules of the fairway, the rough and bunkers
- Introduction to "it's okay rules"

DAY 4. Driving school

You know your way around the green, the fairway, bunkers and even the rough. Now it's time to step into the tee box and swing away. On the fourth day, you'll learn:

- How to use your metal woods
- How and where to tee off from to begin play
- Which tee markers to use and when
- Where to park your golf cart at the teeing area/putting green
- The speed of play when it comes to ready golf
- Where to safely stand at all times

DAY 5. Take Your Swing

Over the course of the first four days, you've learned the what, when, where, why and how. Now it's time to do. On the final day, you'll learn:

- How to keep score
- Understanding the basic rules of golf
- Navigating from tee to green and green to tee
- How to read on-course signage
